

FEE STRUCTURE

The course fee is all-inclusive, covering admission, tuition, and a professional tools-of-trade kit issued during training and retained by the student upon completion, enabling graduates to immediately kick-start their beauty careers.

There are **no hidden costs**, except for a graduation fee payable only after successful completion and passing of examinations.

Our classes are **small-sized**, ensuring personalized attention and close trainer support. Training is **highly practical**, focusing on real industry skills rather than theory alone.
